Blame Traffic Law Violators For Accidents

SACRAMENTO—Special squads of California Highway Patrolmen will soon be moving into areas around the state which have the most serious accident problems...

Designated as "special enforcement units," the squads will work closely with each area's regular Patrol force in efforts to push the traffic death and injury curve downward.

Enforcement will be concentrated on the locations where and during the hours when most accidents occur and against the violations causing them.

Patrol Commissioner Clifford E. Peterson pointed out that more than 90 per cent of all fatal or injury accidents in California involve one or more Vehicle Code violations.

"It follows that if we can halt violations we can also halt most of our needless and tragic traffic deaths," he said.

Funds granted by the last session of the state legislature will allow the Patrol to operate these special enforcement units on a year-round basis. They have been used successfully, but only occasionally, in the past.

"We're still short of men on a statewide basis," Commissioner Peterson said, "but this program should enable us to improve the accident picture in the more critical areas."

City to Adopt Land Use Law

The Council Tuesday night heard the first reading of a new land use ordinance which will repeal all existing land use laws and establish a new consolidated ordinance.

The new ordinance includes in one bill all previous regulations covering land use, with only a few minor additions and changes.

Two new zone classifications were included in the ordinance. They are R-4, unlimited multiple dwelling structures and P-1, parks and planted parkways. As yet, there is no area in the city zoned R-4.

Merchant fleet gained 113 ships in 1951, federation reports.

NEW OWNER—Mike Michels, new owner of the Shell Service Station at Five Points, announces that there will be a three-day grand opening of the station, beginning today. There will be a drawing for the grand prize of 100 gallons of Shell gasoline Saturday night.

Free Gifts at Shell Station Gala Opening

Free gifts will be the high-light of the gala grand opening of Mike Michels' Shell Service Station at the corner of Carson St. and Cabrillo Ave., this weekend.

Three big days are planned in which representatives of the Shell company will be here with Michels to aid in putting on the big affair. Tickets on the gifts will be given out beginning today and a drawing will be held Saturday night.

There will be several drawings during the three days, free souvenirs for children, and the final big drawing with 100 gallons of Shell gasoline for the grand prize.

Michels announced that with the purchase of eight gallons of gas, the customer will receive free Libby Safedgie tumblers.

Cinderella Bride...

and that Martha refused to consummate the union.

de Vigier married Martha at Quartzsite, Ariz. after meeting her in a local malt shop last Nov.

Soon after they returned to this country, however, Martha disappeared. She was found a few weeks later in San Francisco, where she filed suit for separate maintenance and demanded \$10,000 a month alimony. She charged extreme cruelty.

Her father, Charles Morris, brought her home to Torrance, and she then decided to call off the suit and make no demands on DeVigier. They reconciled briefly and started on a second honeymoon, but it ended the same day it began and she came home again.

Carson Area

owners in equal annual payments over a 30-year period. The share of the average property owner in Dominguez and Keystone will be approximately \$9 a year for the 30-year period.

It is expected that the West Basin Board will set the date of the annexation election, probably Sept. 23, Fossett said.

The Board was slated to meet yesterday to grant the petition for annexation.

Torrance BAPTIST NEWS

REV. JOHNNY MORTON

MATTHEW 21:28-31 But what think ye? A certain man had two sons; and he came to the first, and said, Son, go work today in my vineyard. He answered and said, I will not; but afterward he repented, and went. And he came to the second, and said, I go, sir, and went not. Whether of them twain did the will of his father? They say unto him, The first. Jesus saith unto them, Verily I say unto you, That the publicans and the harlots go into the kingdom of God before you.

This portion of Matt. divides the people into two classes, those who serve the Lord and those who don't serve the Lord.

A lot of people in Torrance are like the second son who when asked to come to church and to serve the Lord, to your face they say, why sure I'll come to church and serve the Lord, we'll stand behind you and help all we can to get the church going, and to win souls for the Lord. They make you think they really want to help, but, when Sunday comes they have something they feel is more important to do than serving the Lord.

You can economize by not buying—but we can't!

Why do we keep on building electric service facilities when costs are so high and our construction budget runs into many millions of dollars every year? That's a good question. And here's the answer: We need the facilities right now. We added approximately 70,000 new customers to Edison lines each year in four of the past five years. Actually, our customers used almost a billion kilowatt hours more in 1951 than in 1950—and when someone orders electricity by flicking a switch, we must be able to deliver it.

"Edison electricity is your best buy—you can depend on it!"

SOUTHERN CALIFORNIA EDISON COMPANY Edison
